Habitat for Humanity®

INTERFAITH *Build*

ABOUT

Interfaith Build allows your congregation to put faith into action by participating in a meaningful, hands-on mission in your community. The tangible experiences that Habitat for Humanity provides allows you to engage those around you, live your faith and offer a unique opportunity to love your neighbor. Congregations will have the opportunity to deeply connect with a local family and work alongside them. This work will be done in partnership with other churches and faith organizations, creating an opportunity for groups to work across denominational, racial and religious lines to invest in a strengthened community.
